

#### **Course description**

Two loops on a 5K course in Warriors Path State Park, Kingsport. Start at the lodge going out to a right turn on Warrior Drive. Turn left at the top of the hill and go across the parking lot of the old drive-in cinema. Turn left back on Warrior Drive down the hill and going past the island connector to a turnaround at the end of the road. Go back and turn right over the connector then right and circle the island back to the start. Repeat for a second time. Finish behind the lodge. Considered an easy and fast course.
